

Community College of Baltimore County Construction Craft Professional Certificate & Degree

Close to or finished your skilled-trades apprenticeship? Earn credit for what you've learned!

At the completion of your apprenticeship program, you can receive six articulated credit hours for each year completed.

3 Year Apprenticeship = 18 credits

4 Year Apprenticeship = 24 credits

5 Year Apprenticeship = 30 credits

Present your registered apprenticeship certificate of completion to CCBC today to get started!

*In addition to Construction Craft Professional, students can articulate credits for a General Studies degree or certificate with a fully online option available.
